

ORDINANCE NO. 10-36

ORDINANCE OF THE MAYOR AND THE CITY COUNCIL OF THE CITY OF HIALEAH, FLORIDA SUBMITTING TO THE ELECTORATE AT A CITY OF HIALEAH MUNICIPAL ELECTION HELD IN CONNECTION WITH THE MIAMI-DADE COUNTY GENERAL ELECTION CONDUCTED IN THE CITY OF HIALEAH, FLORIDA ON TUESDAY, NOVEMBER 2, 2010, WHEREIN THE ELECTORS OF THE CITY OF HIALEAH, FLORIDA SHALL BE PRIVILEGED TO VOTE ON THE FOLLOWING QUESTION:

“CHARTER CHANGES CONCERNING ELECTIONS, CITY BOARDS, ACTIONS REQUIRING ORDINANCES AND CONTRACTS EXCEEDING 5 YEARS.

SHALL THE CITY AMEND ITS CHARTER EXTENDING GENERAL ELECTION FROM ONE WEEK TO TWO WEEKS FROM PRIMARY ELECTION; REDEFINING RESIDENT ELECTORS TO MEAN RESIDENT VOTERS ASSIGNED TO VOTE IN A HIALEAH PRECINCT; PROVIDING ONE SWEARING-IN DATE EACH ELECTION CYCLE; REMOVING ORDINANCE REQUIREMENT FOR APPROVING LEASES; PROVIDING ADDITIONAL EXCEPTIONS TO FIVE-YEAR AGREEMENTS; UPDATING CHARTER LANGUAGE REGARDING PERSONNEL BOARD AND REVISING OTHER PROVISIONS GENERALLY TO BE CONSISTENT WITH STATE LAW AND HIALEAH CODE?”

REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HERewith; PROVIDING PENALTIES FOR VIOLATION HEREOF; PROVIDING FOR INCLUSION IN CHARTER; PROVIDING FOR A SEVERABILITY CLAUSE AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council and the Mayor present for referendum proposed changes to the Hialeah Charter, upon public comment at the public meeting before the City Council and at a public meeting to receive public comment conducted at the JFK Library; and

WHEREAS, the rationale and summary of the proposed changes to Article V. Elections is as follows:

Revision of Section 5.01 Electors.

The existing language provides that an elector of the city is a Florida elector registered to vote. The proposed language provides that an elector of the city is a Florida elector that is registered to vote in a Hialeah precinct. This revision will close a loophole that had allowed candidates for public office to reside in Hialeah one year prior to the primary date or election date, but were not required to be registered to vote in a Hialeah precinct during the one-year period. The purpose of this provision, when read in conjunction with Section 5.05 Qualifications, is to require candidates to not only have resided in the city but have been assigned a registration number to vote in the city for one year prior to the primary or election to which the candidate seeks office.

Revision of Section 5.03. Primary elections.

The existing language provides for a primary election to precede the general election by one week. The proposed language provides for the primary election to precede the general election by two weeks. The purpose of this law is to establish a time frame that reflects the practical reality of conducting elections in Miami-Dade County. Due to the programming of the new voting machines and the preparation and mailing of absentee ballots, the County Supervisor of Elections has required a minimum of 2 weeks between the dates of the primary election and the general election for municipalities. Accordingly, this revision will accomplish the goal of coordinating the date of the general election with the Miami-Dade County Supervisor of Elections, which is responsible for conducting the elections within Miami-Dade County.

Revision of Section 5.04. General elections.

The existing language provides that the date of the general election is one week after the date of the primary, which is the second Tuesday of November since the primary date is the first Tuesday of November. The proposed language provides the date of the general election to be two weeks after the primary election, which is the third Tuesday of November. In addition, the proposed language allows for additional flexibility by ordinance or state law to set a date exceeding two weeks, as in the example of the Order of the Governor in 2005 extending the date of the general election because of damage to voting precincts and disruptions to the voting process caused by Hurricane Wilma.

Revision of Section 5.05. Qualifications.

The existing language provides for candidates for public office to pay a \$100.00 filing fee. The proposed language provides that candidates for public office pay not only the \$100.00 filing fee but also the assessment of an amount equal to 1 percent of the annual salary of the office sought as required by section 99.093(1), Florida Statutes. The

proposed language also provides that a candidate may be excused from payment according to state law. Section 99.093(2), Florida Statutes provides that a candidate is exempt from payment of the election assessment if unable to pay the election assessment without imposing an undue burden on personal resources or on resources otherwise available to the candidate. The purpose of this revision is to accurately reflect all fees and assessments that are due from a candidate who seeks to qualify for election to a municipal office. In addition, the proposed language highlights that the candidate eligibility requirement shall be a minimum of one-year continuous residency in the city and one-year continuous city elector status, for the time period immediately prior to the primary or election. In other words, a candidate will lose the candidate's eligibility to run for office if the candidate is no longer a city resident or city elector during the one-year time period immediately preceding the primary or election.

Revision of Section 5.10. Commencement of term of office.

The existing language is silent on whether a candidate who is deemed elected after a primary election can be sworn in to office within 3 days of the election and commence serving in office or whether such candidate must wait until the general election if there remain contested elections to be decided during the general election. The proposed language makes it clear that the term of office will commence at the same time for all candidates elected during the municipal election cycle. The proposed language also provides for the installation date to be extended if that date falls on a legal or city holiday. In 2007, the installation date was extended to Monday, November 26 because the installation date would have fallen on Friday after the Thanksgiving holiday, when city offices were closed.

WHEREAS, the rationale and summary of the proposed changes to Article IV. Administrative is as follows:

Revision to Section 4.07(b)(1) Definitions.

The existing language stated that temporary employees who are employed for less than 9 months are not members of the classified service. The existing language does not include temporary employees who are employed for 9 months or more, who are also not members of the classified service. For example, a temporary employee who has not taken or failed to pass a civil service examination for a city job or position is not a member of the classified service even if the employee has been employed for more than 9 months. The proposed change reflects existing civil service rules enforced by the Personnel Board that all temporary employees are not members of the classified service.

Revision to Section 4.07(b)(3) Powers and duties of Personnel Board.

This change will clarify that the Personnel Board has the power to subpoena witnesses to hearings to compel attendance before the Board. This power will assist the Board in requiring non-cooperative witnesses to appear as part of its fact-finding and

decision making process, a residual power of the Personnel Board that has now been made explicit.

Revisions to Section 4.07(b)(4) Personnel Board decisions.

The proposed changes are intended to be consistent with the Hialeah Code and consistent with state law governing collective bargaining: (1) The mention of the applicable collective bargaining agreement as a supplement to the civil service regulations in relation to employee and employer rights. The applicable collective bargaining agreement is a negotiated contract that can overlap and supplement the civil service rules and also provide a framework of rights and duties between the employer and employee; (2) The identification of the human resources department as responsible for personnel administration, which is provided in Hialeah Code §§ 2-206 and 2-207; (3) The inclusion of procedural due process rights such as the right of parties to cross-examine witnesses, introduce evidence, present testimony and argument at hearings before the Personnel Board; (4) Provide an extension for scheduling discipline hearings beyond 20 days for good cause after a notice of appeal is filed and clarify the time for appeal of a suspension, reduction or removal as being 5 business days from date of receipt of disciplinary action to provide consistency.

Revision to Section 4.07(d) Membership of boards.

The existing language requires that all elective and appointive members to various boards of the City be resident electors of the City of Hialeah. This language conflicts with other provisions of the Hialeah Code that allows for non-residents to be members of the Retirement Board and the Oversight Committee of the Elected Officials Retirement System. In particular, Hialeah Code § 70-131(a)(3) allows for each of the three unions and management employees to have one trustee from each respective group so long as such trustee or board member is an active member of the retirement system, without regard to residency within the city and without regard to city voter status. Also, Hialeah Code § 70-131(a)(4) provides for the majority of the trustees to elect the seventh trustee, without regard to city residency or elector status. In addition, Hialeah Code § 70-529(a) requires that the city clerk and the finance director be members of the oversight committee of the Elected Officials Retirement System, whether or not each officer is a Hialeah resident.

WHEREAS, the rationale and summary of the proposed changes to Article III. Legislative are as follows:

Revision of Section 3.03(g). Action requiring an ordinance.

The adoption of an ordinance requires action taken by the City Council by voting separately at two City Council meetings. It is a time-consuming and formal process that should be reserved for items that require such deliberation and formality. The proposed change will eliminate the requirement of ordinance adoption in order to approve a city lease of city property. In most cases, the City will be receiving money as a landlord in

connection with the approval of a lease and therefore, it is beneficial to the City to enter into such leases expeditiously and without unnecessary delay. The change will allow the City to approve leases by resolution, which will only require action to be taken by the City Council at one City Council meeting.

Revision of Section 3.03(i). Action requiring an ordinance.

This revision is intended to clarify existing language in order to more accurately describe current practice and provide consistency with other provisions of the Hialeah Code. The existing language provides that an ordinance is necessary for approval of land use and zoning regulation. Thus, the existing language does not specifically (although susceptible to interpretation when read in conjunction with other provisions of the Charter) exempt those land use and zoning actions taken by the City Council that are approved by resolution. In two circumstances, the City Council makes a decision or recommendation that is approved by resolution: (1) In the land use amendment process, the City Council may recommend a land use amendment for transmittal to the Department of Community Affairs, for further comment, by resolution, see Hialeah Code § 98-102(6); and (2) The City Council reviews and approves, modifies or denies final decisions of the Planning and Zoning Board on non-use adjustments, through de novo review, by resolution, see Hialeah Code § 98-36. Accordingly, this language more precisely describes the current practice and procedure of the city relating to zoning and land use matters as provided in the Hialeah Code.

WHEREAS, the rationale and summary of the proposed changes to Article I. Corporate Existence, Form of Government, Boundary and Power, are as follows:

Revision of Section 1.04(c)(4). Contracts involving the expenditure of city funds not exceeding 5 years.

The City limits contracts involving the expenditure of city funds to five years subject to renewal or extensions for additional five-year terms and subject to certain exceptions. The City provided exceptions to the five-year limitation for mortgage obligations, bond guarantees and other similar obligations. The purpose of this change is to identify more types of agreements that would qualify as exceptions. The list of exceptions are joint use agreements, joint participation agreements, interlocal agreements lease agreement supported by nominal rent and operating agreements. The City has found that relationships involving other governmental entities, for example, provide opportunities for long-term commitments that do not need to be unduly hampered by periodic five-year renewals. For example, joint use agreements involving share use of property between two governmental entities that involve duties that require the expenditure of city funds, either directly or indirectly, should be identified as an exception to the time limits for contracts involving the expenditure to city funds. Such agreements, which are mutually beneficial to both governmental entities, should not be subjected to the uncertainty of successive renewals or approvals.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF HIALEAH, FLORIDA, THAT:

Section 1: The Charter of the City of Hialeah, Florida, particularly, Article I. Corporate Existence, Form of Government, Boundary and Power, Article III. Legislative, Article IV. Administrative and Article V. Elections and specifically, Section 1.04(c)(4), Section 3.03(g), Section 3.03(i), Sections 4.07(b)(1), (3) and (4), Section 4.07(d), Section 5.01, Section 5.03, Section 5.04, Section 5.05 and Section 5.10, is hereby amended to read, if approved by voter referendum, as follows:
